[Standard EF]

Contents

1	Excellence	4
1.1	Quality and credibility of the research/innovation action	4
1.1.1	Introduction, state-of-the-art, objectives and overview of the Action	4
1.1.2	Research methodology and approach	4
1.1.3	Originality and innovative aspects of the research programme	4
1.1.4	The interdisciplinary aspects of the project	4
1.2	Quality and appropriateness of the training and of the two-way transfer of knowledge	4
1.2.1	Training programme for the fellow	4
1.2.2	Transfer of knowledge to the host	4
1.3	Quality of the supervision and of the integration in the team/institution	4
1.3.1	Qualifications and experience of the supervisor	4
1.3.2	Hosting arrangements	4
1.4	Capacity of the researcher to reach and re-enforce a position of professional maturity	4
2	Impact	4
2.1	Enhancing the potential and future career prospects of the researcher	4
2.2	Quality of the proposed measures to exploit and disseminate the Action results	4
2.2.1	Dissemination of the research results	4
2.2.2	Exploitation of results and intellectual property	4
2.3	Quality of the proposed measures to communicate the Action to different target audiences	4
3	Quality and efficiency of the implementation	4
3.1	Overall coherence and effectiveness of the work plan	4
3.2	Appropriateness of the allocation of tasks and resources	4
3.3	Appropriateness of the management structure and procedures	4
3.3.1	Organisation and management structure as well as progress monitoring	4
3.3.2	Risk analysis and contingency plan	4
3.4	Appropriateness of the institutional environment (infrastructure)	4
4	CV of the experienced researcher	5
5	Capacity of the participating organisations	6

1 Excellence

1.1 Quality and credibility of the research/innovation action

1.1.1 Introduction, state-of-the-art, objectives and overview of the Action

1.1.2 Research methodology and approach

1.1.3 Originality and innovative aspects of the research programme

1.1.4 The interdisciplinary aspects of the project

1.2 Quality and appropriateness of the training and of the two-way transfer of knowledge

1.2.1 Training programme for the fellow

1.2.2 Transfer of knowledge to the host

1.3 Quality of the supervision and of the integration in the team/institution

1.3.1 Qualifications and experience of the supervisor

1.3.2 Hosting arrangements

1.4 Capacity of the researcher to reach and re-enforce a position of professional maturity

2 Impact

2.1 Enhancing the potential and future career prospects of the researcher

2.2 Quality of the proposed measures to exploit and disseminate the Action results

2.2.1 Dissemination of the research results

2.2.2 Exploitation of results and intellectual property

2.3 Quality of the proposed measures to communicate the Action to different target audiences

3 Quality and efficiency of the implementation

3.1 Overall coherence and effectiveness of the work plan

3.2 Appropriateness of the allocation of tasks and resources

3.3 Appropriateness of the management structure and procedures

3.3.1 Organisation and management structure as well as progress monitoring

3.3.2 Risk analysis and contingency plan

3.4 Appropriateness of the institutional environment (infrastructure)

4 CV of the experienced researcher

5 Capacity of the participating organisations

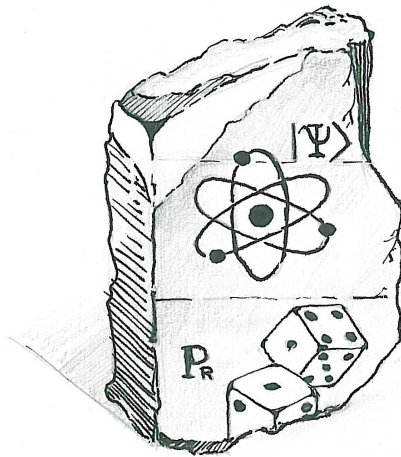

Beneficiary: ...	
General description	...
Role and commitment of key persons (supervisor)	...
Key research facilities, infrastructure and equipment	...
Independent research premises?	...
Previous involvement in research and training programmes	...
Current involvement in research and training programmes	...
Relevant publications and/or research/innovation products	...
